Registration Deadline
June 14, 2018
Space is Limited!
Limited to 30 People

IPM FOR WOODY PLANTS is a field course designed to give you an opportunity to develop hands-on diagnostic skills and utilize valuable resources as a first step in IPM of woody plant pests. This popular workshop will have a small classroom component and combines field study and sample collection, lecture and hands-on diagnostics to help you detect and identify plant problems more effectively. Jeff McMann – Arbor Services Co-Ordinator for the Mount Pleasant Group will speak briefly about tree risk issues on the property.

This Integrated Pest Management workshop will be held in partnership with Ontario Ministry of Agriculture, Food and Rural Affairs (OMAFRA), ISA Ontario Chapter and the Mount Pleasant Group.

Keynote lecturers include: Jen Llewellyn, OMAFRA Nursery & Landscape Specialist with Jeff McMann, Arbor Services Co-Ordinator of the Mount Pleasant Group.

To register: complete this form with credit card information and email to info@isaontario.com or fax to 855-329-4726.
